QUILTING – We will be meeting today – March 9th - in the Craft Room at 1:00 PM. This week we will be making the Mountain Star Flip & Sew table topper. If you were at the meeting you should have gotten the pattern & instructions. If you want to sew it today, bring your sewing machine & sewing supplies and we will work on it together. The following week (March 16th) will be our Luncheon & Challenge Reveal. For those of you who have forgotten, the challenge was to finish one of your UFOs. We are also going to play a game of "Left, Right, Center" so if you want to participate please bring 3 – 2 ½ inch by WOF strips of fabric. WOF means Width of Fabric which usually runs around 42 inches (or salvage to salvage).

Our group is for all levels of quilters – we welcome anyone who is new to quilting or someone who has been doing it for a long time and is willing to share their talents with us – please join us and see if it is something you would be interested in. And as always – bring your "Show & Tell" – it is always fun to see what everyone is working on.

CHILD PROTECTIVE SERVICES

Small containers of soaps/body washes, shampoos, conditioners and lotions, mouthwash, etc. that many motels and some hotels provide for their guests are still being collected. They may be dropped off at my home, 3008 San Jacinto or left in the green plastic container in the "sign-up corner" of the Village Hall. Please make sure that the tops are tight and do not leave any products that have been opened. They will simply be discarded. So far this winter 47 pounds of toiletries have been donated to Child Protective Services in Weslaco.

All residents of SRV are urged to fill out and update the new Residential Information Sheet in the office. The form updates your summer and winter contact information, as well as emergency contact information. The form also updates your lawn care information. This is especially important because if the SRV office does not have your lawn care provider listed on the residential information form, SRV will assume care for your lawn and charge you for that service. If you have a lawn care provider listed on the Residential Information form, SRV will not mow or spray your yard. Residents will no longer be called before SRV mows or sprays yards.

Lock Up Volunteers Needed

We need people to help with lock up once again. Please sign up for one week. A clipboard will be passed at the Monday meeting and will be hanging in the hall after that. We need people to lock up the buildings at 9 pm each night. We have people to show you what to do, if you have questions.

Our Second Theme dance will be a “Rock the 60’s” Hippie Dance. So dig out your tie dyed t-shirts, head bands, peace symbols, fringe vests, beads, worn out jeans, bell bottoms, sandals and your long lost, long hair. Rock to the Stars. Be There or be Square. Friday March 20th 7 to 10pm.

Covenant Committee

We are looking for two volunteers to help the board of directors in looking at revising covenants in the near future. Tammy Sorenson and Bob Lamb will be working on this endeavor beginning in the fall of 2020. Keith Shantz has graciously volunteered to assist in this endeavor. We know that we are looking at specific issues like fencing/pets and business' definition. It is a goal to have a recommendation and vote no later than February 2022. Please contact Bob Lamb (319-470-9003 or email) if you are interested in being on the committee. We truly want the input of the community on the interpretation of the current covenants as we move forward.

Entry Way Sign

As you have noticed the Marquee at the entryway to the Village has not been working properly. Unfortunately, due to the age of the equipment it is currently impossible to update with new information. We have an appointment with a vendor in April to give us an estimate on the cost of fixing or updating the equipment. We will make a decision after that regarding next steps.

We wanted to give you an update and appreciate your patience as we work through this process.

A NEW PROGRAM TO BENEFIT OUR VILLAGE

The board of directors with the assistance of resident Larry Wilson will be instituting a Siesta Village Alert Communication system in the near future. If you have a cell phone you will be notified via a text message of unusual events that might happen or have happened. Examples might be: Water going to be shut off-electricity off -cancellations – park repairs etc. etc. The board is working on guidelines for what can and can not be posted. Larry will be programming in all residents cell phone numbers and will be sending auto group text messages to get this project started. If you do not want to participate or be notified YOU need to notify the office. We feel it is an excellent way to keep our residents informed of variations in normal every day routines. Keep in mind this will only work and be sent to your cell phones. Lastly and best of all it is totally free! Thank you Larry Wilson for your help!

POST OFFICE BOX PROCEDURES

It is important that everyone receive their mail in a timely manner and in the correct post office box. In order to assist this happening, and ensure that mail is not returned or put in the incorrect box, the following procedures have been established:

Residents

Each street address should have one mail box assigned by the Office. The Office should be notified of the following:

- Any resident change in name,
- Any resident change of address especially within the park,
- Any visitor that may receive mail.

Renters

Renters should not be given mail box keys by the property owners. If the Office and/or Post Office is not notified of the renter information we do not know who should be using the box and mail may be returned or misdirected. (We also put names on the boxes inside the mail building to help the USPS, if we do not know the name we cannot label the box.)

Renters should be advised to contact the office and get their own mailbox. They should pick up the key from the Office and return it to the Office when they leave. This assists in the accurate tracking of empty boxes for reassignment. (If a renter returns to the same house annually, they can keep the same box but need to notify the office.)

Blocks

If using a block in the box allow enough time for the mail to be forwarded before placing the block and, when you return, remove the block as soon as the forward is requested. If mail is delivered and there is a block in the box the mail will be returned.

The Office will be happy to assist with placing or removing blocks.

Key Return

Any time a box will no longer be used by the current resident, the key must be returned to the office e.g. sale of house, renter leaving for the season, etc. The Post Office will not make duplicate keys (and they can not be made elsewhere) nor will they retool the box for a new key.

The board of directors with the assistance of resident Larry Wilson will be instituting a Siesta Village Alert Communication system in the near future. If you have a cell phone you will be notified via a text message of unusual events that might happen or have happened. Examples might be: Water going to be shut off-electricity off -cancellations – park repairs etc. etc. The board is working on guidelines for what can and can not be posted. If you do have a renter or no longer want potential renters to contact you please be sure to contact the Office to remove your name from the owners list.

USPS Packages

Packages that are delivered to the Office by USPS (either because they are too large for the key boxes or the key boxes are full) will be available for pick up during office hours (Monday – Friday 8:00am – 12:00pm and 1:00pm -3:00pm.) They will no longer be left in the office entryway.

Also, if you happened to pick up a box that is not yours please return it to the office.

Architectural Requests

Just a reminder, that ANY change made to the exterior of your home or property requires Architectural Approval and a Permit. Forms are located in the office. Once filled out, (2) members of the Architectural Committee and a member of the Board of Directors must sign off on the request BEFORE work can begin. When approval has been given, a Permit will be issued and should be placed in a visible front window of your home. Any request that would require a variance of the SRV 9th Amended Covenants and Conditions must be taken to the full Corporate Board of Directors for approval.

Per SRV Covenants Article V.03: No structures of any kind, including MOBILE HOMES, may be commenced, erected or maintained upon the PROPERTIES, nor shall any exterior addition to, or change, or alteration therein be made until plans and specifications showing the nature, kind, shape, height, materials, color and location of the same shall have been submitted and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Committee.
