SRV Community Park & Off Leach Area

By Gail Runnels

Dogs jump not because they're bad, but because your entry creates emotional energy. Instead of opening the door and immediately interacting, step inside calmly, stand still, breathe, and wait for your dog to choose calm before you engage. No voice, no rushing, no grabbing, just a grounded stance that says "settle first, then we connect." Over time, your calm becomes the cue that signals for your dog to settle before receiving attention.

SRV Community Park & Off Leach Area

by Robyn Minifie

Thank you for making the first dog class great! Y'all did amazing and I am looking forward to each class and helping you build better relationship with your canine companions. Responsible pet ownership is a gift we give to our dogs and our fellow residents. Keep practicing your sits, downs, and waiting at the doors.
See you Tuesdays at 10:00am in the off leach area.

Proposal to amend the Social Board Bylaws: Proposed By-law Amendment

Purpose: This amendment does not alter current practice, but updates the by-law text to reflect the practice already adopted by vote.

Amendment Explanation: In 2025, the membership voted to include the board-appointed Chairperson of the Entertainment Committee as a non-voting member of the Social Board. To ensure consistency between our governing documents and our current operations, the definition of Social Board composition must be revised to explicitly include this role.

Article I – Officers:

Section 4 currently reads: “Social Board consists of the elected officers of the club. Immediate past president shall be a member of the Social Board for one year but will not have voting privileges.”

We propose adding the Entertainment Director to this statement, it would now read:

“The Social Board consists of the elected officers of the club and the standing Entertainment Committee Director. Immediate past president and the Entertainment Director shall be members of the Social Board for one year but will not have voting privileges.”

Amendment Explanation: Our Summer Coordinators aren’t automatically expected to cover duties outside their designated season, because they haven’t been part of the year-round board process. In By-Laws language, we want to formalize that distinction so responsibility is clearly tied to active participation and season of service.

Article II – Duties of the Officers:

Section 3 currently reads: “The Secretary shall keep an accurate record of the minutes for each meeting. These records shall be retained and safeguarded at regular meetings. The Assistant Summer Season Coordinator will assume these responsibilities in the absence of the Secretary.”

We propose a change to the final sentence, as the Assistant Summer Season Coordinator is no longer expected to attend the Winter meetings. The new season should read:

“In the absence of the Secretary, the President with input from the Social Board will assign temporary responsibility of the Secretary to another current Board member.”

Section 4 currently reads: “The treasurer shall handle all money received by the Club from all sources. The Treasurer shall make a report to the membership at regular meetings. The Assistant Summer Season Coordinator may assist (or may assume) with these responsibilities in the absence of the Treasurer.

Similarly to section 3, we propose a change to the final sentence, as the Summer Season Coordinator is no longer expected to attend the Winter meetings.

The new season should read:

“In the absence of the Treasurer, the President with input from the Social Board will assign temporary responsibility of the Treasurer to another current Board member.”

General Reminders

Post Office Box Procedures

It is important that everyone receive their mail in a timely manner and in the correct post office box. In order to assist this happening, and ensure that mail is not returned or put in the incorrect box, please follow these procedures:

Residents

Each street address should have one mail box assigned by the Office. The Office should be notified of the following:

- Any resident change in name,
- Any resident change of address especially within the park,
- Any visitor that may receive mail.

The SRV office must be notified when residents return in the fall, leave in the spring, or have new people living in their home. Inaccurate information may result in mail being returned to sender. PLEASE make sure your Unit number is included in your address. Improperly addressed mail may also be returned to the sender. If you are going on a trip and wish to have your mail held, please contact the Weslaco Post Office at (956) 968-7412.

Renters

Renters shouldn't be given mail box keys by the property owners. If the Office and/or Post Office is not notified of the renter information we do not know who is using the box and mail may be returned or misdirected. (We also put names on the boxes inside the mail building to help the USPS, if we do not know the name we cannot label the box.)

Renters need to contact the office and get their own mailbox. They should pick up the key from the Office and return it to the Office when they leave. This assists in the accurate tracking of empty boxes for reassignment. (If a renter returns to the same house annually, they can keep the same box, but need to notify the office.)

Blocks

If using a block in the box, allow enough time for the mail to be forwarded before placing the block and, when you return, remove the block as soon as the forward is requested. If mail is delivered and there is a block in the box the mail will be returned. The Office will be happy to assist with placing or removing blocks.

Key Return

Any time a box will no longer be used by the current resident, the key must be returned to the office (e.g. sale of house, renter leaving for the season, etc.). The Post Office will not make duplicate keys (and they can not be made elsewhere) nor will they retool the box for a new key.

USPS Packages

Packages that are delivered to the Office by USPS (either because they are too large for the key boxes or the key boxes are full) will be available for pick up in the office lobby.

Architectural Requests

ANY change made to the exterior of your home or property requires Architectural Approval and a Permit. Forms are located in the office. Once filled out, two members of the Architectural Committee and a member of the Board of Directors must sign off on the request BEFORE work can begin. When approval has been given, a Permit will be issued and should be placed in a visible front window of your home. Any request that would require a variance of the SRV 9th Amended Covenants and Conditions must be taken to the full Corporate Board of Directors for approval.

Per SRV Covenants Article V.03: No structures of any kind, including MOBILE HOMES, may be commenced, erected or maintained upon the PROPERTIES, nor shall any exterior addition to, or change, or alteration therein be made until plans and specifications showing the nature, kind, shape, height, materials, color and location of the same shall have been submitted and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Committee.

Contractors In The Village

Reminder to all residents having work done by a contractor. All contractors are expected to register with the SRV office PRIOR to performing any work within the Village. **Contractor vehicles should all have a RED SRV CONTRACTOR PERMIT in their front window.** If you notice a vehicle without this form, please either send them to the office or report them to the office. **NO contractor vehicles should be left on SRV streets overnight.**

Rentals

The Office is keeping a list of people who would like to be renters in the Park and also a list of Owners who have rentals available (or that will be available). If you own a rental and would like to be on the list given to potential renters, please contact the Office with your information. As people call inquiring about available rentals, they will be given your contact number. And if you would like the list of people interested so that you can contact them, also contact the Office.

If you have a renter or no longer want potential renters to contact you, please contact the Office to remove your name from the owners list.
